What is AQUACLEAN?

Aquaclean is a revolutionary fabric treatment that allows you to clean stains using water only. This provides you with simple fabric maintenance in the minimum amount of time.

*Aquaclean helps to remove **the majority of household stains** (wine, ink, sauce, fat, mud, chocolate, cream, etc.) making life easier and giving you more time for the more important things.*

PET FRIENDLY too

The protective coating also forms an elastic and flexible barrier preventing pets' claws from fraying the fibres.
