Castle Comfort Centre - Caring since 1997

Hello.

We've got a yummy offer for you in this issue, and it's not egg shaped or chocolate!

And just to let you know that in a few days the countdown starts to our bumper Springtime £1000 prize draw, so be on the lookout for that very soon!

But first for those of you who follow us on

You will have seen the story of Mrs and Mrs Armstrong who visited our Wolstanton shop for some walking sticks and were attended to by Geoff and George a wonderful paramedic duo.

It was suggested a donation from our good deeds fund could go to Staffordshire Air Ambulance who receive no funding from the government and have to raise £9m to keep flying each year and also do a fantastic job.

Their thank-you is below.

Please share our Facebook page to keep up to date and to help friends or relatives that might need any of our useful products.

Our reviews speak for themselves.

<u>The Way We Were</u>

Regulars readers of the Castle Comfort Clarion or the Sentinel Way We Were section about Newcastle and Stoke "in olden days" might be surprised to find out some interesting history about Keith the owner of Castle Comfort and how he started work at the age of 12!

Living in Hughes Avenue in Cross Heath, Keith had a number of jobs as a schoolboy which included helping out at the fruit shop at 135 Liverpool Road, the premises of which has now become CCC's Cross Heath store, and he also worked in the Tudor Cafe next-door-but-one delivering food and sweeping up.

As you can see times have changed and he's expanded his business empire further by buying the old cafe which is now occupied by an upmarket pizza chain from the South of England.
Here you can see the transformation.

And if you want to get a free pizza from Caprino's as part of it's special opening offers make sure to visit them at https://goo.gl/posts/gjXt4 Or Click the picture above.

From Fast Food to Fast Freedom

Fast food like the pizzas above can be ordered online through the just eat app on your phone, and also you can order a stairlift for fast freedom of your home if stairs are a struggle. Keith explains below why you only need a mobile phone. Click the picture to watch it on youtube.

If you have any questions or comments we will be very happy to oblige.

Thank you

The Team At Castle Comfort Centre
